

Dispensing of Medication

Peoria Park District Procedures

Issue

The American's With Disabilities Act obligates park districts, special recreation associations, and forest preserve districts to make reasonable accommodations for persons with special needs who will be participating in our park and recreation programs. One of the most common and reasonable requests is to assist a participant in taking medication during a program session when they do not have the ability to do it on their own. This has been a standard practice in special recreation associations for some time. However, park districts are seeing many persons with special needs entering park district programs. Without special training and the necessary procedures to administer medication, there are potential liabilities that could arise at an agency if the dispensing of medication is not administered properly.

Recommendation

It is recommended that all Peoria Park District Employees who may have to dispense medication during agency programming should review the following medication dispensing guidelines and formulate specific policy to follow in the event this request is made by a patron. Comprehensive medication dispensing guidelines will better prepare your staff to dispense medication in a safe and efficient manner.

To minimize the administration of a medication dispensing program, parents or guardians should be asked if the person can be medicated prior to entering the program. The agency's medical dispensing program should only be used when it is absolutely necessary to administer medication to a child or patron during program hours.

Dispensing of Medication

Peoria Park District Procedures

I. Parental Procedures and Responsibilities

The parent/guardian **must**:

1. complete the *Permission To Dispense Medication/Waiver and Release of All Claims* form;
2. complete and sign the *Medication Dispensing Information* form;
3. Deliver all medication to the agency office in the original prescription bottle or in clearly marked containers which include the person's name, medication, dosage, and time of day medication is to be given;
4. Verbally communicate with agency staff regarding specific instructions for medication.

II. Staff Medication Dispensing Procedures

Agency program staff **must**:

1. Ensure that the Permission and Waiver to Dispense Medication Form and Medication and Dispensing Information Form are fully completed and signed by the parent/ guardian prior to the dispensing of any medication;
2. Ensure that only authorized staff accept medication which may include the executive director, superintendent of recreation, safety coordinator, program coordinator, recreation specialist, registrar, secretary or other designated staff;
3. Verbally communicate with the parent or guardian regarding any specific instructions regarding the dispensing or storage of the medication. It is also the responsibility of the authorized staff who receive medication to properly store medication in a locking cabinet or in a refrigerator as needed. **It is extremely important that stored medication is out of the reach of other patrons and particularly children.**
4. Obtain copies of all waivers, internal procedures, medical information forms, and medication logs when obtaining the prescription medication to be transported to the program site. All medication stored at a program site must be secured and only available to authorized program staff.

5. Program coordinators responsible for dispensing medication must strictly follow all written instructions on the medical information form, individual dose envelopes, and any information contained on original prescription container labels. In the event that conflicting dispensing information exists, medication should not be administered until the parent, guardian, or physician are reached by phone to obtain specific instructions.
6. Unless otherwise arranged, only paid and trained agency staff will be allowed to dispense medication.
7. Agency staff responsible for dispensing medication will fully complete the medication information contained on the medication log form. Medication dispensing logs should be completed until medication dispensing has ceased and completed medication logs should be turned into the agency's office and kept in a permanent file for at least three years at the conclusion of the program.

Medication Dispensing Information

This form must be completed for each program session or when medication changes.
